

Lockdown Magnet

for Door Jamb

**Keep door locked at all times
without students being locked out.**

- **Powerful Plastic-Covered Block Magnet**
Size: 2" x 1" x 1/2"
- **Easily Removed in a Lockdown Situation.**
- **Extremely Durable - Won't Wear Out.**
- **Affordably Priced.**
- **Versatile - Works on Metal Frames and Wood Frames with Metal Strike Plates.**

How does it work?

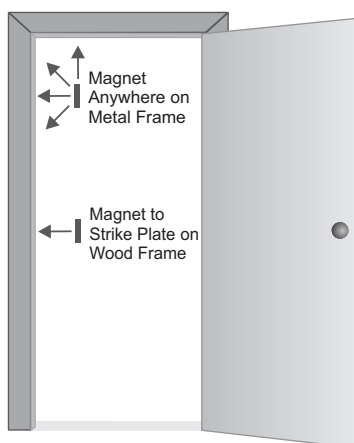

For Metal Door Frames
the magnet can be placed
anywhere on the door jamb.

For Wooden Door Frames
place the magnet over the strike
plate.

After magnet is placed, re-lock
door and close.

When the door is closed it will
not latch completely, allowing access to
the classroom while keeping the door locked.

In a lockdown situation simply remove the magnet and close the
door. Does not require time to retrieve keys to lock the door
nor stand in the hallway to lock door during an emergency.

**The Lockdown
Magnet is
Included in our
Go-Kits**

**Our emergency
preparedness
Go-Kits are designed
for lockdowns,
evacuations, field
trips and anytime
classes are
"on the go."**
